

# ECO winter school 2013 materials

This page contains the eADMET materials for the ECO winter school 2013 in Sweden.

The Marie Curie Initial Training Network "Environmental ChemOinformatics (ECO)" will hold the ECO Winter School 2013 at Linnaeus University in Kalmar, Sweden. eADMET will give a series of lectures and tutorials on the school.

Expected tutors are Iurii Sushko (ToxAlerts presentation and tutorial), Sergii Novotarskyi (presentation about molecular docking) and Robert Körner (a general 3-hour tutorial on using OCHEM - [www.ochem.eu](http://www.ochem.eu))
